TREE TOP RETREAT

Once again, the team at WR Architects have created a spectacular design for the Senderos Community on this jungle view home site that also features a “sneak peek” Ocean View from the rooftop terrace!

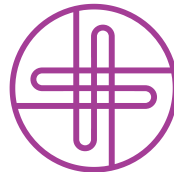

Four bedrooms and 3.5 baths complement an open plan layout, large, covered terrace and two car garage. A gourmet kitchen, outdoor BBQ area, top quality finishes, outdoor shower and more will have you living your best life here in paradise. The glass-front infinity pool is the jewel of this stunning home, with a gorgeous living wall and cascading water feature. The well-appointed rooftop terrace is set up perfectly to enjoy views of the beaches to the south and the jungle canopy below.

Well balanced and with the signature flair for everything “natural modern”, the Tree Top Retreat is a must see.
